

**POWERFUL BLACK AND WHITE
PRINTING WITH THE ADDED
IMPACT OF COLOUR**

P7431cn

Outstanding black and white performance with the added value of colour

The versatile P7431cn provides the ultimate in high speed, black and white performance whilst putting the power of brilliant, attention getting colour at the fingertips of smaller workgroups.

Fast, compact and highly efficient the P7431cn laser printer boosts everyone's productivity and makes it easy to add a memorable splash of colour to business communications. Now anyone can simply and easily print professional looking documents on a wide range of media.

The network ready P7431cn offers advanced wireless options as well as industry standard connections and helpful web-based management tools, for easy installation and administration on any network. As either a perfectly integrated network resource, or an affordable standalone solution, the P7431cn provides instant access and useful colour print functions that make business printing easy for all.

Rex-Rotary's unique approach, links people with knowledge and expertise, combining our wide experience of innovative, document related Products and Software Solutions with our world class Business and Professional Services to deliver the best Total Document Solutions for your business.

Print double-sided documents, with no loss of speed, from the optional Duplex Unit

Multiple connectivity options ensure the P7431cn will integrate seamlessly into your network

Create eye-catching colour documents on a wide range of media

Fast, affordable, black and white plus colour performance to boost productivity

The P7431cn provides fast laser printing for any business demanding high-performance black and white and quality colour printing, in a single device. This cost-effective laser printer balances the cost of owning a colour resource with productive high-speed black and white printing – the ideal solution for smaller workgroups printing everyday business documents. This versatile device outputs an incredible 31 pages per minute in black and white and a fast 8 pages per minute in vivid colour, with no loss of speed in the optional double-sided printing mode. Quick warm-up, fast processing power and expandable memory options ensure all your prints are delivered without delay.

Making high-quality documents easier to produce

Now high-quality 1,200dpi black and white and colour printing is available to all in a single device. Rex-Rotary's RPCS printer driver makes the P7431cn incredibly simple to use. Its icon driven interface allows you to click on previously saved or common output settings, such as double-sided or 2-Up printing, as well as selecting between mono or colour output. In addition, the PDF Direct Print function allows faster printing of PDF files using the DeskTopBinder software.

Versatile network connectivity

Pre-installed with a Network Interface Card and USB 2.0 as standard, the P7431cn supports all major networks and industry standard printer languages, for seamless integration into your document environment. Further connectivity

options including Wireless LAN (IEEE802.11b) and Bluetooth are available for organizations using the latest mobile technologies.

Simplified administration

Web-based management tools and Dynamic DNS enable Network Administrators to easily manage the P7431cn. Web SmartDeviceMonitor software gives Network Administrators central control of your connected document devices through a web-browser interface. Easily downloaded and installed, it allows you to manage this device remotely from any desktop, including automatic configuration to your specifications and group and user profiling. Furthermore, Web SmartDeviceMonitor constantly monitors your document devices to provide proactive communication of their status. By quickly emailing alerts to users, devices are on-line in no time maximizing productivity.

Create professional-looking documents on a variety of media

Imagine the increased impact that professional presentation and colour will add to your everyday business documents. Most kinds of business information, including spreadsheets, reports and presentations will benefit from the increased clarity of well-placed colour highlighting and imagery. With the ability to handle a range of media, such as different paper stocks, transparencies, glossy media, envelopes and labels, the P7431cn will print your general office documents with an exciting splash of colour in the format of your choice.

Software Solutions

Complementing the P7431cn, Rex-Rotary offers a superb range of Software Solution products, specifically designed to integrate this device into your document communications environment. These Software Solutions are aimed at improving the way you manage documents and information in your organization. Combined with our expert consultancy, Business and Professional Services and support, they offer a tailor made solution to your office, improving efficiency, productivity and cost control.

Aficio™

The Rex-Rotary P7431cn bears the Aficio Symbol – your sign of digital technology, innovation and customer support in action.
